

## IS-360

**Low- Medium Volume Franking**  
**Compact, quiet and easy to use**

**Easy to operate, the highly capable IS-360 with whisper-quiet operation is designed to process mail efficiently.**

### Value For Money

As a MailMark franking machine user, you will automatically receive a discount on every item of mail you send. MailMark discount offers the highest level franking machine discount available from Royal Mail as per the latest price list.

### Remote Recrediting

You can download postage when you need it and pay in arrears. No more estimating the amount of money you need at the start of the month, only to run out unexpectedly. Remote recrediting improves your company's cash flow and increases efficiency.

### Give The Right Impression

Promote customer relations with printed slogans that enhance the professional look of your organisation. Select advertising slogans to reinforce the communication to your customers.

### Accurate Pricing

Don't be confused by postal rates. Let the IS-360's Rate Wizard give you a hand, so you don't have to be a postal expert. Whichever rate you need, the IS-360 will figure it out. You'll enjoy hassle-free postal rate changes as they are automatically downloaded ensuring simplicity, accuracy, and compliance.

### Easy To Use

The IS-360 is as ready as you are. With Smart Start technology, each time an envelope is removed from the weighing platform the IS-360 starts and is ready to process your mail.

### Never Out Of Ink

Managing ink couldn't be easier. The IS-360 uses a long-life cartridge optimising ink yield and minimising replenishment.

## Why frank your mail?

### What are the benefits of franking?

- Franking machine users benefit from reduced postage costs on every item of mail: save at least 12p on every 1st Class letter and 18p on every 2nd Class letter.
- Time Savings- far quicker to frank than to maintain a stamp book and visit the Post Office to top it up.
- Image- a franked letter with your own return address and slogan gives a professional touch to your mail and enables the return of "gone aways" to keep your database up to date.
- Correct Value- by setting the correct value each time it avoids using incorrect stamp values if they are not easily available, so more cost savings.
- Credit Always Available- Telephone re-credit system, when the franker runs out you can call at any time 24/7 "tops up" the credit value to let you carry on posting- no running out of stamps.
- "Pricing in Proportion"- all products are fully compatible with PIP services and rates.
- Printing Method- via compact replaceable ink cartridge.

### Why purchase your franking machine from Totalpost?

We are one of the few Independent Royal Mail approved suppliers and maintainers of franking machines to give full U.K. coverage (apart from the 4 manufacturers). We can give excellent personal service at keen prices by supplying equipment from two of the largest manufacturers; but sold, serviced and "looked after" by our own proven team. "Large enough to be national- small enough to care" is a maxim we believe in, so if you are a stamp user wanting equipment for the first time, or a multinational wanting to upgrade dozens of older models, we can help.

The IS-360 professional franking system makes it simple to weigh, frank and send your mail. No more queuing at the Post Office. No more guessing the correct postage. No more running out of stamps. The IS-360 can be re-credited on-line with postage 24 hours a day, 365 days a year.
