

# 412.2 PROFESSIONAL

High performance AC model with additional filling hopper and integrated pre-compactor for crumpled paper, for use in EDP departments and office floors. Can destroy entire computer listings and shred floppy disks, CDs, store cards, credit cards as well as DAT cartridges. With splinter protection. Keypad control for constant operation and reverse. Photoelectric cell for automatic start/stop control. Stops automatically when the waste bag is full and when the door is open. Convenient automatic reverse in the event of a paper jam. Modern electronic controller. Stand-by mode with LED indicator. Removable, reusable waste bag.

## HSM PROFESSIONAL – The technical features

- Hardened solid steel cutting rollers, unaffected by staples and paper clips
- Powerful drive for high performance even when used for long periods of time – thermally protected motor
- Quiet operation and low-noise running
- Modern electronic control
- Automatic start/stop control, especially convenient via photoelectric cell
- Stand-by operation with LED
- Especially suitable for computer lists
- Transportable on wheels
- Cutting rollers with patented HSM V groove
