DM60
Low volume franking machine

Sophisticated features in a compact package.

This flexible machine is ideal for businesses With varied letter and parcel post. No more queuing at the Post Office. No more running out of stamps when you most need them with the DM60, you'll always have the postage you need.

The DM60 is the perfect franking machine for the up and coming business.

Small size, great value

The DM60 combines advanced digital technology with a sleek look and compact dimensions to fit comfortably into any modern office environment. High-quality digital printing gives crisp, clean impressions and a quiet performance. Franks straight onto envelopes or onto self-adhesive labels for larger packages or parcels.

Remote recrediting

The DM60 can be recredited via your telephone line, within seconds recrediting in £1 increments from £10 to £500. Exact rates, lower postage costs The integrated electronic scale accurately sets the machine to the correct postage, so you save on postage costs and cut out the risk of over or under stamping. Everyday postal rates, including recorded delivery, are stored in the DM60's memory, while other rates can easily be set manually. When postal tariffs change, the DM60 is easily updated.

Make your mark in style

With the DM60, you'll enjoy a more business-like image - not to mention free advertising!
You can customise your mail message to include your company name, special greetings, marketing slogans, even logos and photographs.

More security, better control

There's no need for loose stamps or petty cash required to buy them when you use the DM60. The machine can be fully locked and is pin protected, so only authorised users can use it. You can check usage with a printed report when required.

Pricing in proportion

All our new machines have been designed with Pricing in Proportion (Royal Mail's new tariff where mail is priced according to both its size and weight) in mind, and are ideally suited to both the professional mailroom and office environment.

Why frank your mail?

Big savings
Franking machine users receive a discount off every item of mail sent:
- Save 12p on every lst Class Letter you send
- Save 18p on every 2nd Class Letter you send

The discounts don't stop there! By formatting mail to be read and validated by Royal Mail's automated sorting technology, your business could be entitled to postal discounts of up to 34% off your standard mailing costs. All Royal Mail discounts are easily accessible via a franking machine.

Value For Money
As a MailMark franking machine user, you will automatically receive a discount on every item of mail you send. MailMark discount offers the highest level franking machine discount available from Royal Mail as per the latest price list. Improve your cashflow & efficiency

Franking offers the most efficient means to streamline your mailroom operations and enhance productivity. By ensuring there are no delays to the processing of your mail, like running out of stamps, you can improve cash flow and avoid financial delays.

Cleanse your mailing lists for free
Franking machine users can include an External Return Address (ERA) on all items of mail, allowing mailing lists to be cleansed for free as all undeliverable mail is returned by the Royal Mail, free of charge.

Correct price: first time, every time
Franking machines have integrated scales for easy pricing of mail. Themachine automatically calculates the correct price of each item so you don't have to. Eliminate the risk of under-stamping and passing surcharges onto customers, or over-stamping and incurring unnecessary costs.

Free advertising on every envelope
A franking machine is a great tool to communicate your sales messages to customers. You can add advertising slogans or promotional offers onto every envelope to generate extra revenue and increase brand awareness.

Professional looking business mail
Franking your mail is an easy way to portray a more professional company image. Every invoice, statement, proposal and letter you send is a key customer communication. You can include your company name and logo, and create not only consistency but also reinforce your brand with every item of post you send.

Maximum security
A franking machine is a secure way to pay for postage. The machine can be fully locked and is pin protected, so only authorised users can use it.You can also print reports to check usage and get an overview of your mailing activity.
